TOO MUCH ON YOUR PLATE? VISUAL MIND MANAGEMENT TOOLS THROW YOU A BONE

Mindjet gets you home on time

When you've got deadlines to meet, sometimes it seems as though there's no time left to work. Mindjet mind management software helps you visually map the contents of your brain, making you 20% more productive.

Try mindjet for free

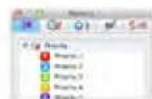

Brainstorm

Lay out thinking visually to define your options. Connect ideas or smart notes, ways to create tasks or map to problem solving.

Plan

Define and manage items from your computer, mobile device, or the web. Share work to real-time social task management that keeps everyone on track.

Do

Assign tasks and track progress for increased productivity. Work smart to hit your goals and get the job done.

These companies are already mindmapping and they always get home on time...
